STATE ENVIRONMENTAL COMMISSION MEETINGS - 1991 January through July

JANUARY 10, 1991

Application for Variance - Safety-Kleen CANCELED

JANUARY 17, 1991

Hazardous Waste Consultant - Contractor Certification:

- Proposed regulations governing the certification of environmental consultants and contractors.

Water Pollution:

- Proposed amendments to NAC 445.144 of the Water Pollution Control Regulations increasing water discharge permit fees.
- Proposed amendments to NAC 445.144 of the Water Pollution Control Regulations creating a fee structure for subdivision review.
- Proposed amendments to NAC 445 to add requirements for certification of laboratories including a fee schedule for certification.

Air Pollution:

- Amend NAC 445.707 and add a new section to NAC 445 to provide a separate and longer time frame for the review of Prevention of significant Deterioration permit applications and the issuance of such permits as compared to the time frame for the review and issuance of all other permits.
- Amend NAC 445.7135, 445, 714 and 445.716 to provide for an increase in all air pollution fees.

Hazardous Waste -Hydrocarbons in Soil - Declaratory Order:

- Bureau of Waste Management would like to solicit a clarification and determination from the Environmental Commission concerning the 100 mg/kg (ppm) total petroleum hydrocarbon limitation currently in regulation. This regulation was adopted on August 29, 1990. The Bureau will be seeking a declaratory order from the Commission stating that the referenced criteria is both an action level and cleanup level.

Discussion Item:

- Nevada Water Pollution Control Association Certification Committee is recommending an alternative approach for wastewater treatment plant operator certification.

JANUARY 30, 1991

Continued Hearing

Air Pollution:

- Amend NAC 445.707 and add a new section to NAC 445 to provide a separate and longer time frame for the review of Prevention of significant Deterioration permit applications and the issuance of such permits as compared to the time frame for the review and issuance of all other permits.
- Amend NAC 445.7135, 445, 714 and 445.716 to provide for an increase in all air pollution fees.

Hazardous Waste - Hydrocarbons in Soil:

- Bureau of Waste Management would like to solicit a clarification and determination from the Environmental Commission concerning the 100 mg/kg (ppm) total petroleum hydrocarbon limitation currently in regulation. This regulation was adopted on August 29, 1990. The Bureau will be seeking a declaratory order from the Commission stating that the referenced criteria is both an action level and cleanup level.

Settlement Agreement on Air Quality Violations:

- Echo Bay Minerals Company, Manhattan Project - Violation 838
- Round Mountain Gold - Violation 839
- Independence Mining Company - Violations 848 & 851

Discussion Item:

Selection of State Environmental Commission, (SEC) Representative for the State Multiple Advisory Committee on Federal Lands.

APRIL 25, 1991

Enforcement Hearing:

- Conduct an Enforcement Hearing on Pinson Mining Company, P.O. Box 192, Winnemucca, Nevada regarding Air Pollution Notice of Alleged Violation No. 862 to consider assessing administrative fines for the alleged violations as provided by NRS 445.461 and 445.601.

Settlement Agreement on Air Quality Violations:

- Nevada Gold Mining, Inc. Violation 853
- Ivanhoe Gold Company Violations 856 & 857
- Battle Mountain Gold Company Violations 859 & 860
- Hunewill Mountain Gold Company Violation 861
