RE: Filing of Permanent Regulation R037-13: Solid Waste

Dear Ms. Corp:

Enclosed is a permanent regulation referenced above that was adopted by the State Environmental Commission (SEC) on October 8, 2014. Also enclosed is the informational statement required by NRS 233B.066, the small business impact statement, the form for filing administrative regulations and the notice of adoption of the regulation.

The NDEP Bureau of Waste Management Solid Waste Branch has been funded by Tire fees (\$1.00 per tire sold) since 1993. Tire fees are currently not related to the regulatory workload of the Solid Waste program; while the number and complexity of regulated facilities has increased, tires fees have remained flat and are no longer adequate to support program needs. The proposed schedule of permit fees will provide a supplemental source of revenue that is directly tied to the regulatory workload. In addition, the proposed fees will enable the Division to offset certain expenses currently funded with hazardous waste fees to help address revenue shortfalls in the Hazardous Waste Management Fund.

Additional support documentation for this regulation is posted on the SEC Website at http://sec.nv.gov/main/hearing_1014.htm and the contact person for this regulation is Mr. Dave Emme at 687-9307.

Sincerely,

A handwritten signature in purple ink that reads "Valerie King".

Valerie King, CPM
Executive Secretary
