Dear Pete,

Cary Richardson
Carson City, NV

I wish to personally extend my appreciation to you for ten years of service as a Commissioner on the State Environmental Commission (SEC). As the Nevada State Forester, you carried an enormous responsibility and workload; however, you always made the SEC a priority. Not only did you take the time to sit on SEC appeal hearing panels, but you also arrived to all SEC meetings prepared and ready to actively engage in the deliberations.

Frances Barron
State Board of Health

The SEC addresses important issues, many of them difficult by nature. Your ability to address these matters, bring to light the underlying issues and move discussions forward has assisted the SEC to make better balanced decisions.

Resources

On behalf of the SEC, I would like to thank you for your service and wish you the best in your retirement as well as any new adventures you take on.
