Re: Regulation P2010-04: Hazardous Waste Regulations Adoption By Federal
Reference

Dear Ms. Corp:

Enclosed for "drafting" by the LCB Legal Division is a proposed permanent regulation that would amend NAC 444.8630 by adopting certain new federal hazardous waste regulations by reference published in the period July 1, 2008 to July 1, 2009. Specifically, the Nevada Division of Environmental Protection (NDEP) is proposing to individually adopt the Academic Laboratories Rule in NAC444.86325.

The Academic Laboratories Generators Standards Rule provides an alternate to address hazardous waste regulations at university affiliated laboratories. These alternate regulations are designed specifically for conditions encountered in teaching laboratories; as opposed to existing hazardous waste regulations that are typically formulated to address industrial operations. Staff from the University of Nevada, Las Vegas contacted NDEP to encourage us to adopt this new regulation as soon as possible.

If you have any questions about his regulation please contact Mr. Jim Trent at 687 9478.

Sincerely,

JOHN B WALKER

John B. Walker
Executive Secretary
