Re: Regulation P2010-09: Colorado Salinity

Dear Ms. Corp:

Tony Lesperance
Director, Department of
Agriculture

Enclosed for "drafting" by the LCB Legal Division is a proposed permanent regulation that would amend NAC 445A.143. The Nevada Division of Environmental Protection is proposing to make administrative changes to subsection 2 in NAC 445A.143 (445A.1233) to update the reference to the Review - Water Quality Standards for Salinity, Colorado River System (review) to the "most current" Review. No changes to the salinity criteria are proposed.
