**Re: Regulation P2008-16: Reporting Requirements for Excess Air
Emissions & Clarification of Procedures for Renewal of Permits**

Tony Lesperance, Director
Department of
Agriculture

Dear Ms. Corp:

Enclosed for "drafting" by the LCB Legal Division is a proposed permanent regulation that would amend NAC 445B.

Eugene Gans
Las Vegas, NV

This regulation would update the reporting requirements for excess emissions and scheduled repairs as well as clarify the procedures for renewal of air pollution control permits. In general the regulation updates and clarifies the permitting regulations to eliminate ambiguity and make them more sensible.

Kenneth Mayer - Director
Department of Wildlife

If you have any questions about this regulation please contact Ms. Adele Malone (687-9356).

John B Walker
