Questions During Public Workshops

CARSON CITY WORKSHOP, MAY 8, 2012

Bronco, Gray and Smoke

Question: Is there any potential for a waste water treatment plant or sub-division/housing in these watersheds.

Response: No, these watersheds are in a remote very steep part of the watershed and it is unlikely that any such development would take place there.

LAS VEGAS WORKSHOP, MAY 9, 2012

Bronco, Gray and Smoke

Question: Did the EPA accept the 238 for chloride? Is the 230 an annual average?

Response: EPA wants the 238 for chloride. The 860 and 230 is a 1hr / 96 hr acute/chronic criteria.
