Re: Environmental Commission Petition 2005-07

Dear Ms. Corp:

This letter is to acknowledge that you **have received and are currently drafting** a regulation for the State Environmental Commission titled "Mercury Air Emission Permitting Program For Precious Metal Mining Facilities." The regulation has been given LCB filing number R189-05 as posted on your [website](#) on 11/29/05. This regulation would modify Chapter 445B of the Nevada Administrative Code (NAC).

Additional supporting information for this proposed regulation such as the workshop notice and meeting minutes etc. are available on the SEC website at: http://www.sec.nv.gov/main/regulatory_workshops0105.htm

The Nevada Division of Environmental Protection has also developed a special web page for this proposed regulatory program; for your information, the page is located at: <http://ndep.nv.gov/mercury/index.htm>

The point of contact at NDEP for this amended regulation is Ms. Adele Malone, Bureau of Air Quality Planning (687-9356).

Sincerely,

John B Walker
